This is just one of the many fascinating displays you will see in the Confederation Caravan to arrive in the area this weekend.

D.V.U.F.O. Reports Begin Arriving

Reports of findings of D.V.U.F.O.'s are beginning to be received by the local committee in charge of the unique Centennial project.

The D.V.U.F.O.'s (plastic bottles containing a note with directions to the finder) were released into the North Saskatchewan River at the bridge in Drayton Valley last week.

Up to noon Tuesday, June 27th, four of the bottles were reported found to the committee. The farthest away was found by Vern Parranto at the McKinnon Ravine in Edmonton.

Benny Weiss of Warburg recovered one at the Berrymoor Ferry and Wayne Brewster of Thorsby found another two miles downstream from the Berrymoor Ferry.

The fourth reported to date was recovered by Paul Tjosvold of 10025 - 152 Street, Edmonton at a location five miles upstream from the Devon bridge.

The committee estimates the D.V.U.F.O.'s to be travelling at between 6 and 8 miles an hour in the open water. Based on this speed it is estimated that some of the first group released should be somewhere near Elk Point by this time.

Junior High Awards Night

The Drayton Valley Junior High School will hold its second annual Awards Night in the Junior High Auditorium, Thursday, June 29 at 7 p.m. Parents and friends of the students are invited to attend.

Three Canoe Races Planned this Year

Three major canoe races, with purses totalling over $6,000 will be held in Alberta this summer.

The 2nd annual Bow Water Canoe Race will be run on the Bow River, from Banff to Calgary, July 8th and 9th. This 101-mile race, which involves 5 portages, offers a top prize of $750 to the fastest two-man team. The Bow Water Canoe Race is being sponsored this year by the Calgary Professional Canoe Affiliation, with the support of the Alberta Paddlers' Association.

The "longest and richest two man canoe race in North America," the Alberta White Water Canoe Race, will get underway at Rocky Mountain House on July 21st, with the paddlers stopping at Drayton Valley and Devon, on their 176 mile race along the North Saskatchewan River to Edmonton. The Alberta White Water Canoe Race offers prize money totalling nearly $3,000 with $1,250 for the first team to cross the finish line. This race is sponsored and operated by the Alberta Paddlers' Association, with Labatt's Alberta Brewery Limited again providing trophies and prizes for this race, and the other two on the 1967 A.P.A. circuit.

The third major canoe race in Alberta this year is the Fur Traders' Canoe Race, to be run in conjunction with the Annual Lac La Biche Pow Wow and Fish Derby, August 3rd to 6th. This race is a two-day event, over about 50 miles of water and portages, and offers prize money totalling $1,200.

An A.P.A. spokesman says "at least one U.S. team is expected to enter the Alberta races this year," and although many of the "name" Canadian paddlers are taking part in the Voyageur Canoe Pageant, "there are still numerous good paddlers available." He continued, "there is an excellent opportunity for good young paddlers this year."

Entry forms and further information on these races may be obtained from The Alberta Paddlers' Association, or Labatt's Alberta Brewery Limited.

Students To Visit Expo '67

Students from Leduc County High Schools will take part in the Student Safari to Expo '67 and along with a large number of other young Centennial Travellers will share in a new and rewarding experience.

Seventy-nine students from county schools will be making the trip with 43 of them coming from the Breton area. Students from Buck Creek, Lindale and Warburg are included in the Breton group.

The group, with supervisors, will leave from the Breton High School on July 10th for Edmonton where they will meet the rest of the Leduc County students and travel in a group by CNR to Montreal. They will return to their homes on July 21st.

The Student Safari is sponsored by Elmvale Expeditions Ltd. which was organized when it was discovered that less than five percent of students in Elmvale, Ontario were likely to visit Expo. The aim of the Elmvale Plan is to enable a large number of Canadian students to visit Expo at the lowest possible cost.

The secondary aims stress adventure, self-help, self-reliance, tolerance, consideration for others, a sense of responsibility and the opportunity to meet and exchange views with other students from across the nation.

While in Montreal the young people will live in a trailer camp where they will share in duties involving cleaning their own quarters, cooking and dish washing. The travellers will carry their own sleeping bags along with cutlery and dishes for use in camp.

Students will be allowed several visits to Expo in groups with some evening visits. The Safaris will be conducted from May until September and at all times the camp will be filled with young people from all across the nation.

Police Chief Offers Advice To Vacationers

Chief Constable R. Doig of the Drayton Valley Police Department suggests that residents planning a vacation check the following points before leaving on their holiday trip:

1. Remember to stop your paper. Nothing is more obvious than a two-week collection of papers behind the screen door.
2. Leave a light on in the house. Give the impression that someone is living there.
3. Have a neighbour look in every day or so.
4. Notify the police of the day you are leaving and the date which you are to return. The Police Department keeps a record of all the unoccupied homes and they will be checked every night.

Bible School

Children between the ages of 4 and 13 are invited to attend the Daily Vacation Bible School to be held in the Church of God from July 3rd to 7th between 7 and 8:30 p.m. There will be Bible stories, games and other activities each evening.

Mobuck Ranch Golf Course to Be Ready Soon

The culmination of five years work and planning is approaching for Matt and Alice Leake, operators of Mobuck Ranch, who hope to have their nine-hole golf course ready for play by the end of July.

Mobuck Ranch, located in the Lindale district east of Drayton Valley, will offer family vacation facilities with camping, fishing, swimming, trail riding, hiking and golf when the course is completed this summer.

Located at the junction of Bucklake and Modeste Creeks, the ranch offers tremendous facilities for outdoor recreation. The new golf course will be among the most scenic in the province.

Fairways of the course are being worked into shape and the construction of grass greens will follow. Also to be started within the next few days is the construction of foot bridges at five locations along the course.

The golf course works around the two creeks with rolling hills and water crossings interspersed among the meadows and flats. The longest fairway is a 525 yard dogleg.

It appears that as well as being scenic the course will offer an interesting challenge to duffer and expert alike.

Horses at the ranch are available for trail riding at most times during the summer and the ranch is also a popular rendezvous during the winter by motorized toboggan enthusiasts.

Pickerel and jackfish are taken from the creeks with the occasional goldeye.

Mr. and Mrs. Leake can be located during business hours at the Drayden Insurance and accounting office in Drayton Valley.

Letters to the Editor

Rocky Rapids,
June 22, 1967.

To the Editor:

Before we go any further with this annexation by the M.D. of Stony Plain and or County of Leduc, let us take a look at the record.

1. Very few people of the Town of Drayton Valley know that L.I.D. 77 and 78 was at one time a Municipal District and that it went broke.
2. The bad points of local government outweigh the good that may come from it.
3. Eventually the Pembina Oil Field is going to run out; then where is the revenue coming from to run an M.D. or county government without going deeply into debt.

I could add more to this letter, but I hope this will make people think.

Yours truly,
J. Cameron.

Editorial Comment

Mental Health Cause

Statisticians have estimated that the cost of mental illness to the Canadian economy in one year would provide 50,000 university scholarships.

The CMHA, a national voluntary citizen's organization, working to combat mental illness and to advance mental health, hopes its public information campaign will move all Canadians to urge their elected representatives to institute legislative action.

The Association states that "as a primary purpose, this Association has a priority in securing the best possible care, treatment and rehabilitation of the mentally ill whether in hospital, clinic or home and including those who at present remain untreated."

"To some degree it is true that public conscience has been roused, or at least disturbed. It would appear that government's has yet to be fully awakened."

Some Thoughts on Safety

by Mrs. Charlotte E. Kay

"Learn to profit by the mistakes of others because you will not live long enough to make them all yourself." The head of a company involved in finding better safety measures began an address with this quotation.

These are thought-provoking words and timely now that the holidays are here. We have only to pick up the paper or listen to the radio any given Monday morning to read or listen to the shattering record of those who have made their last mistake. The list is legion.

A woman wanting only to relieve the pain of a headache takes instead a lethal dose from an unmarked bottle. A man makes the mistake of thinking he has time to beat the train at the crossing. Young people going off by themselves to swim find water that has not been tested for safety, or even a trained swimmer overestimates his strength and gets into difficulties.

"Summer time and the livin' is easy"... so goes the old song. It should be a time for fun, and relaxation, but let us all take time to remember the commonsense rules of safety, in the home, at the beach or on the highway, lest we too end up a weekend statistic.

A person can't gather much news when in the hospital, so since I was in there and then not well at home I haven't kept up on the reports of the various events in our community. However a kind person has handed me a few news items so here they are.

The members of the United Church held a Sunday School and Congretional picnic at the Pembina Park on last Sunday. This was mainly to celebrate a successful year of Sunday School classes for the children.

The UCW ladies held a farewell tea at the home of Mrs. Pete Peterson in honour of Mrs. Actimychuk who will be leaving shortly to join her husband who has been transferred to another town.

A farewell tea was also held by the CWL ladies in honor of Mrs. Chorney who will be leaving when the school term is over.

Mrs. Otto Wolff has gone to Fort McMurray to be with her daughter, Shirley and newborn baby daughter.

Two district girls were honored recently at showers held in the Legion Hall - - - Miss Marion Norkus whose wedding has already taken place to Mr. Gouchie of Wildwood and Miss Colleen Tomkinson who will soon marry Stevie Lamoureax. Both young people are from Evansburg.

The District wishes to extend congratulations to Mr. and Mrs. Mrs. Don Tuttle who were recently wed in Drayton Valley Valley. Mrs. Tuttle is the former Miss Carr of Evansburg and the happy couple will make their home in Drayton.

Visiting at the home of her daughter Mrs. J. Keast is Mrs. Kehoe all the way from England.

Shown in the above photograph are the two sponsors of the project with the banker that they drove "hairy" acquiring and financing the program.

A total of 12,000 Centennial Silver Dollars is expected to have been distributed to Valley Drug and Pembina Drug customers by the time the project terminates.

Cubs Hold Weekend Campout

The Drayton Valley Cubs closed their year's work with a camp-out last weekend. Cooperation from the weatherman helped to make the swimming, hiking, and outdoor living the kind of fun every young boy enjoys. Again we tip our hats to the men responsible for this, our leaders. These men sacrifice their own time during the entire year and many stayed at the camp grounds the weekend to supervise some 60 active boys. This we know is a big responsibility and we are proud to have individuals like them in our community.

We extend our appreciation to the many others who also helped. They are: Mr. Pickup for the use of his bus; Block's Store for the cooperation; the owners of Mobuck Ranch where the campout was held; drivers that helped transport the boys to and from the camp; Mr. Smith of the Western Review; Barney McGlone of the Hotel for ice and treats; and to the parents who came out to help throughout the weekend.

This being our yearend, we wish to congratulate all the boys for their achievements. Congratulations to Brian MacKenzie who received his Life and Religion Badge recently. This badge is acquired through the church and is open to any boy wishing to try for it.

On July 1st all cubs and scouts (in full uniform) will meet at the Scout Hall at 9:15 p.m. where dedication of the trees will take place. At 9:30 p.m. they will move to the Rotary Park for a park dedication and a display of fireworks. On July 2nd at 10:00 a.m. the boys again in full uniform, will meet at the Rotary Park and then march to the arena to welcome the Centennial Caravan. The boys are asked to bring any flags they may have with them.

Happy holidays to all.

Oldtimers Visit

Recent visitors at the home of Mrs. A. Plotts were her brother and sister-in-law, Mr. and Mrs. William Sjerdal of Creston, B.C. Mr. Sjerdal is a former old timer of the district who homesteaded in the Rocky Rapids district in 1914.

Couple United in Double Ring Ceremony

All Saints Anglican Church at Drayton Valley was the scene of a spring wedding on May 20th uniting Elaine Gail Jouan, daughter of Mr. and Mrs. Emile Jouan, and John Gary King, son of Mr. and Mrs. John King in holy matrimony. Reverend Gordon E. Ingram officiated at the double-ring ceremony before an altar decorated with bouquets of pink gladiolas and white mums.

The radiant bride, given in marriage by her father, was charming in a floor-length white satin gown with lace overlay, elbow-length sleeves, and a lace-trimmed peacock train attaching at the empire waistline. Her scalloped shoulder-length veil was held in place by a cluster of lilies-of-the-valley. She carried a bouquet of red roses and stephanotis with streamers tipped with red rose buds. The only jewellery of the bride was a pearl drop necklace and earrings, a gift of the groom.

The bride's attendants were Miss Donna Jouan, sister of the bride, Miss Beverly King, sister of the groom, and Miss Joan Shaw, friend of the bride. The bridesmaids wore melon-colored floor-length gowns with matching head pieces and white wrist length gloves. They carried bouquets of melon-shaded crysanthemums. Kathy Olsen, niece of the groom wore matching floor length gown and head piece, and carried a basket of melon-shaded crysantemums. All the bride's attendants wore a pearl drop pendant.

The groomsmen were Douglas King, brother of the groom, David Gilbert, cousin of the groom, and Alex Wolodko, friend of the groom. The ring bearer was Terry Yanke, cousin of the bride. All wore dark suits.

The bride's mother chose a silver threaded apricot sheath with beige accessories. The groom's mother chose a three piece orange suit with white accessories. Both mothers wore white rose corsages.

Reception followed in the Tomahawk Community Hall with Mr. Gaston Jouan as master of ceremonies.

The bride's table was centered by a three-tiered wedding cake decorated with wedding bells and roses with blue lattice work, flanked by candles encircled with red roses.

A dance followed the reception.

The bride and groom spent their honeymoon touring through British Columbia and Washington, U.S.A. The bride chose a navy blue two piece jersey suit with white accessories and pink rose corsage as her going away outfit.

The bride and groom will make their home in Edmonton.

FARM FAMILY NOMINATIONS

Nominations for the Alberta master farm family award close July 14 and nominations should be sent to the district agriculturists or home economists before that date.

This year's master farmers will receive an all-expense paid trip to Expo 67 for themselves and their wives or $1,000 if they cannot make the trip. A maximun of five farm families will win the award.

To be eligible for nomination, the family must be Canadian citizens, and the farmer must be an owner-operator or a lease-operator of the farm. The farmer must have spent at least 20 consecutive years running his operation. If he has served in the Canadian Armed Forces, this will count as time spent farming.

Nominations must be made on the forms provided and be signed by at least three neighbors who must accept the nomination. Forms can be obtained from district agriculturists and district home economists.

Objectives of the farm family awards are to honor those who have achieved notable success in farming, home making and citizenship. The award is to provide a practical demonstration of farm and family progress and of approved practices that bring success. The award should draw attention to the wholesomeness and dignity of rural life. Finally, the award should show the rising generation an example of the higher ideals of agriculture and the opportunities in rural citizenship.

Students Landscape School

One of the most interesting improvements in Drayton Valley this spring is the Rock Garden at the front of the Junior High School and the grass and trees around the school.

The rock garden has been done primarily by student labor, with plants purchased by Student Union money. The garden was designed and supervised by Mr. Torok-Both.

The community is invited by the school to come by and enjoy this most interesting addition to the local scene.

Glenn S. Brant, president of the Canadian Mental Health Association, Alberta Division, regrets to announce the retirement of the Association's executive director, C. Robert Dickey, at the end of July, 1967. Mr. Dickey has been provincial executive director since October, 1962.

Under Mr. Dickey's direction, the Association's provincial office was organized, and province-wide programs of community development, public education, and social action were carried out.

Mr. Dickey's successor as provincial executive director has not yet been appointed.

There are still wide open spaces in the Province of Alberta, where a population of a million and a half persons provide a density of fewer than six persons per square mile.

BY MRS EDITH DEBY

We have been asked to remind all interested persons that Miss Gloria Blair's Dance Review will be held in St. Anthony's School on Thursday evening of this week. The public has a most cordial invitation to attend.

Mr. and Mrs. Tom McManus will leave in July to make their home in Calgary.

Haven't seen Mrs. William Block since her arrival from her home on Cortes Island. Mrs. Block will visit her parents, Mr. and Mrs. Gordon Kynoch and other members of her family living in Alberta.

Mr. and Mrs. Humphreys are moving to Vauxhall where Mr. Humphreys will be principal of the school.

Our sympathy is extended to Mr. Alex Boykowich whose wife passed away June 23rd. Although the Boykowichs have never lived here they are well known to many of our residents since they were often in the district to visit Mr. Boykowich's sister, Mrs. Clarence Dunington and her family.

Mr. Frank Murray, who has been in hospital for several weeks, expects to be well enough to be discharged soon.

Miss Linda McMorris and Miss Glenda Galloway leave on Sunday for Drumheller where they are enrolled in Recreation Leadership Courses at Drumheller Vocational School.

Mr. and Mrs. Don Allen and their three daughters were Drayton Valley visitors last week. Mr. Allen is with the airforce and has just been transferred from Ontario to Vancouver Island. Mrs. Allen is a daughter of Mrs. Case and a sister of Mrs. Duckett. On Wednesday Mrs. Domke, a grand-daughter of Mrs. Case, was hostess at her home when a family re-union was held. Mrs. Case had the pleasure of having four of her daughters and two of her sons with her at this time. One son and two daughters were unable to come. Miss Julia Duckett, of Hinton, was also present.

The Farm Union Picnic will be held this Sunday, July 2nd at the Farm Union Picnic Site on the Pembina River. A pot luck dinner is planned for noon. Please bring your own dishes and cutlery. Ice cream and beverage will be supplied.

Here's an excellent idea for a "not so ordinary" picnic lunch.

Turkey sandwiches make a really special summer sandwich filler. You don't have to roast a turkey. Just buy one of the new turkey roasts, cook it up the day before; refrigerate it in foil and it's ready for easy slicing.

There are combinations galore for the usual fillings. Rye bread with peanut butter, crumbled bacon and turkey is certainly different.

The favorite of course, is mayonnaise, lettuce and turkey but add thinly sliced cucumber for variety.

Spread mustard on bread and add ham and turkey. Consider chopped olives or pickled relish or blue cheese in the usual mayonnaise.

One of my favorites is turkey with a slice of Swiss cheese preferably grilled, you can use Cheddar too.

Don't forget about variety in bread. There are sesame buns, rye bread, brown and white, nut bread, orange bread and French or Dutch.

Be sure to have chilled cranberry sauce.

St. Anthony's Awards Night

More than 200 persons attended a happy "Parish Family" get together at St. Anthony's School Auditorium on Wednesday, June 14th. Beginning with a Pot Luck Supper at 6 p.m. followed by presentation of awards by Mrs. Patti Tomaszewski, president of the CWL, to students having the best Christian conduct in each room.

Corsages were given to all the teachers and staff in appreciation for "a good job well done".

M.C., Murray Dea, and the Parenteau Orchestra did a wonderful job of keeping the happy crowd dancing. Prizes were given for best adult and children's dances.

The CWL again wish to thank all who made the second annual Awards Night a tremendous success.

Mr. Fritz Gylander was hurt recently at the Provincial Park. He is in the University Hospital and is reported doing fairly well.

Mrs. Betty Brown has resigned as Leader of the 4-H Club which was started three years ago. It is not known who will take over the club leadership as yet. Mrs. Brown did much to help the young girls of this district and she will be missed by many.

Mr. Harris spent a few days in the Hospital at Drayton Valley taking tests but is back home again.

Mr. and Mrs. Harry Iverson of Meota Saskatchewan are visiting with their daughter and family Mr. and Mrs. Scott Sutherland.

Weekend visitors to Entwistle were: Karen Lundquist of Edmonton, Mr. and Mrs. Ted Nelson of Leduc, Mr. and Mrs. Young of Edmonton, Ellen and Ron Robinson and family of Edmonton, Mrs. R. Rice and Mrs. D. Williamson of Edmonton.

Mr. Ada Brown with her daughter and family were at the Ivan Brown home for awhile on Sunday. Mrs. Brown found the trip very tiring.

Mr. Marge Mottrom won a Kodak Instamatic Camera Outfit from the Esso Roadshow cards recently.

The Entwistle Elks Annual Picnic was held on Sunday June 18 and as the weatherman co-operated we all enjoyed the races, tug-of-wars, baseball games and of course the ice cream, hot dogs and cool drinks that all go with an affair like this. Everyone seemed to have a good time and all went home full and many with small gifts they had won.

BERRYMOOR

Mrs. Bea Cropley,
Correspondent

Congratulations to Harvey and Linda Van Ember on the birth of their wee daughter, Crystal Anne on June 22nd. The Van Embers already have three boys so a daughter born on Linda's birthday was a welcome addition to the family.

Mr. and Mrs. Wideman and Edythe travelled to Peace River to spend the weekend with Ethel and Sam Tweedle. The occasion was the birthday of the twins Edythe and Ethel.

Ronald Gavigan left by train for Toronto on Friday. He plans to buy a car and drive back.

Keith Gavigan arrived home the other day a bit skinned up. As one of the boys put it he had rolled his horse.

Olive and Jack Thatcher spent a week holidaying in B.C. They travelled by way of Dawson Creek and then to Williams Lake where they visited Ronald and Helen Thatcher. They left on the 30th and arrived home on the 20th.

Charlotte and Alex Petryshen and family of Eldorado, Saskatchewan arrived in Berrymoor on Thursday and visited Charlotte's sisters, Mrs. Isobel Martin and Mrs. Calla Pishke, also her mother, Mrs. Lindell. They plan to visit Alex's folks near Edmonton and then to Prince George to visit Christina and Ed Neff then they plan to visit in Berrymoor again on their way home.

Mrs. Berry arrived home yesterday after spending a month in an Edmonton hospital. We hope she will soon be feeling stronger.

Mrs. Lindell is also out of hospital and convalescing at Calla Pishke's.

Dorothy Cropley and Dorothy Gavigan have been canvassing the district collecting for the centennial project which is to get the community centre moved to a new location where it will be convenient to get in the power.

Ivy and Wally Joneson and family spent last weekend in the district.

Dennis Schwartz spent nine days at home enroute from Cornwallis, Nova Scotia to Victoria, B.C. where he will continue his training in the Navy. He left Thursday for Calgary and from there to the coast.

Gordon Holmgren took a bus load of school children to Leduc on Saturday to see the Centennial Caravan.

The 3 B's club once again met at the cemetery for a clean up day. They do this the last Saturday of every month during the summer. The women cleaned up around the graves. The men mowed the grass and also cleared the place just west of the cemetery where the Community Centre will sit. The 3B's purchased this piece of land for this purpose some time ago.

Brenda Leitz won the white elephant, an apron and pair of pot holders.

SMILE

A smile costs nothing, but gives much; It enriches those who receive without making poorer those who give;

None is so rich or mighty that he can get along without it, and none is so poor but that he can be made rich by it.

A smile creates happiness in the home, fosters goodwill in business and is the countersign of friendship.

It brings rest to the weary, cheer to the discouraged, sunshine to the sad and is Nature's best antidote for trouble.

St. Anthony's Setting for Double Ring Ceremony

St. Anthony's Catholic Church in Drayton Valley set the scene for a beautiful double ring marriage ceremony on Friday, April 21, 1967 when Gloria Brown, daughter of Mr. Arthur Brown of Mulhurst became the bride of Roger Pequin, son of Mr. and Mrs. Louis Pequin of Violet Grove.

Father Lynch performed the marriage rites. The bride, given in marriage by her brother, Mr. Carl Brown, looked radiantly lovely in a floor-length gown of white French lace. Her shoulder length veil was held in place by a white lace crown and rhinestone tiarra. She carried a beautiful bouquet of Cascade roses. Her only jewellery was a four-strand pearl necklace, gift of the groom.

Matron of honor, Mrs. Delores Teeter, sister of the groom wore a floor-length gown of blue peau de soie with matching headpiece centred with red roses.

The bridesmaids, Rita Pequin, Valerie Warsaba, and Barbara Brown wore floor-length gowns of alternate blue and pink peau de soie with matching headpieces of red roses.

Flower girl, Delores Bouvier looked darling in a white lace encircled by tiny red roses.

Ring bearer was George Pequin, youngest brother of the groom.

The grooms attendants were John Teeter, Dennis Pequin, Roger Warsaba and Billy Scherger.

During the signing of the register, Mrs. Betty Magee sang "Ave Maria" accompanied by Mrs. Courtney at the organ.

For the occasion, the mother of the groom, Mrs. Cecelia Pequin, chose a three piece yellow linen suit with matching accessories. Her corsage was white carnations.

Following the ceremony a reception for 150 guests was held in the Mulhurst Legion Hall.

Master of ceremonies, Don Marion, proposed the toast to the bride.

After the wedding dance in the Mulhurst Legion Hall, the bride donned a yellow two-piece suit with white accessories for their short honeymoon trip.

The happy couple will make their home in Violet Grove.

Out of town guests, too numerous to mention included the groom's grandparents, Mr. and Mrs. Pierre Bouvier of Saskatchewan.

VIOLET GROVE NEWS

Mrs. Elsie Arndt,
Correspondent

The Violet Grove Sunday School children held their annual picnic on Friday, June 24. Twenty-two children were there to enjoy a weiner and marshmallow roast after running several races and partaking in various other sports activities under the direction of their Sunday School teacher, Mrs. Grace Landers.

The children wish to express their thanks and appreciation to Mrs. Landers.

On Saturday, several of the grade 4 pupils enjoyed a day at Al Oemings Game Farm.

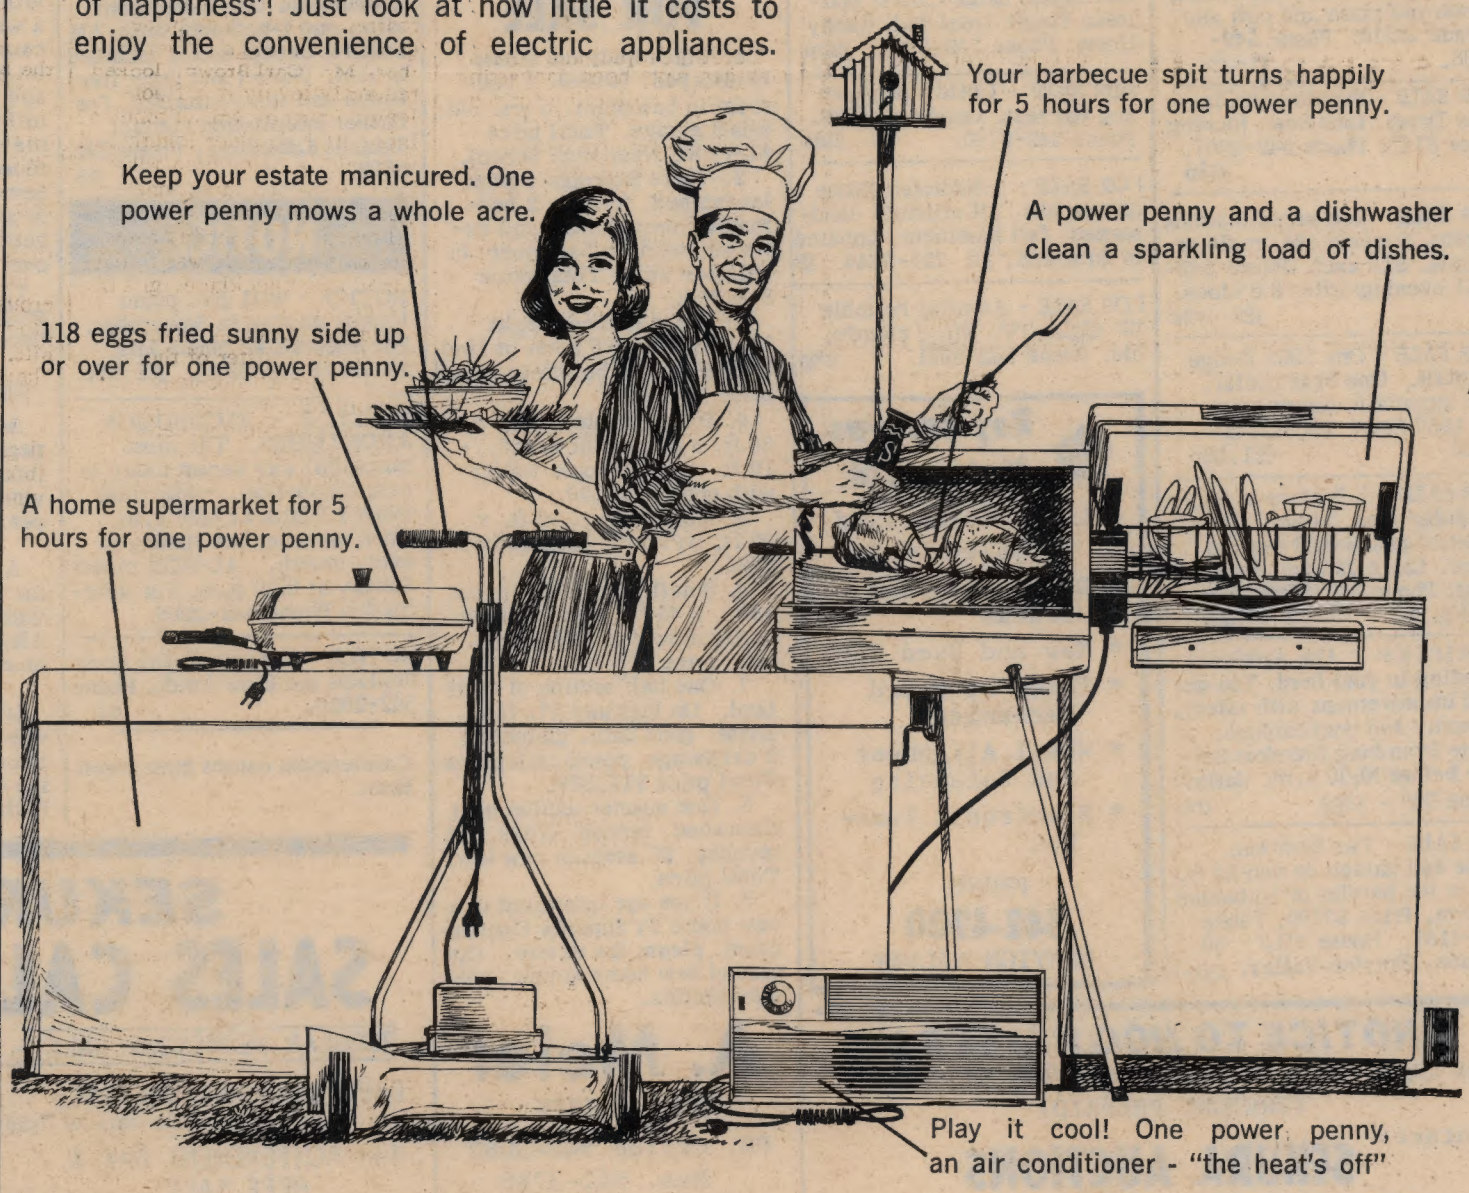
Sunday was another day of excitement for young and old alike when over 100 people gathered together at the Community Hall Grounds for our first annual community picnic. After races were run and the ball games ended everybody joined in the fun of roasting weiners and marshmallows and feasting on various kinds of salads, cakes, soft drinks, ice-cream, etc. prepared and donated by all the wonderful community spirited neighbors.

Visitors at the M.B. Allen home over the weekend were Wilf and Dona Paul and children of Red Deer.

The story of "The Three Bears" came to life in Violet Grove this past week as three bears seem to have taken up residence here. Apparently they didn't satisfy their curiosity with tipping Nicholson's garbage cans so they tried their luck at Rober Muir's door keeping Verna awake most of one night. The Forestry Branch was notified but the bears are still with us.

A 1947 power penny is worth a lot more these days.

While the buying power of an ordinary 1947 penny has disappeared into near oblivion, the buying power of a power penny has doubled over the past 20 years. Today a power penny buys a 'houseful of happiness'! Just look at how little it costs to enjoy the convenience of electric appliances.



Your barbecue spit turns happily for 5 hours for one power penny.
Keep your estate manicured. One power penny mows a whole acre.
A power penny and a dishwasher clean a sparkling load of dishes.

Time for Humor, Too

All the news of 1867 wasn't about Confederation. For example, the Nova Scotian, a weekly newspaper, included the following item in the same issue in which it reported the Confederation story:

A funny story is going the rounds in Paris: A lady in the first society was recently obliged to dismiss her nurse on account of an excess of firemen and private soldiers too often repeated. After choosing as a successor to this criminal a very pretty girl, the lady explained why the f first was sent away, and enjoined it on the second not to do likewise. She admitted that she should not. "I can endure a great deal," said the lady, "but soldiers about the kitchen I won't endure." After a week or eight days, the lady came one morning into the kitchen, opened a cupboard, and discovered a youthful military character. "Oh, ma'am!" cried the girl, frightened, "I give you my word I never saw that soldier before in all my life; he must have been one of the old ones left over by the other girl!"

That 100-year-old joke probable wasn't even new then!

CDA Meat Inspectors are located at whaling stations this summer to inspect the handling and packaging of whale meat and whale products.

WHALE OF A JOB

OTTAWA--Canada Department of Agriculture veterinarians and meat inspectors are being invited to widen their horizons by volunteering for two-month tours of duty at whaling stations that are opening on the east coast this summer.

Twenty-one inspectors and three veterinarians will be called on this summer for an annual job for the division, stemming from the opening of a whaling station by the Department of Northern Affairs at Whale Cove on Hudson Bay three years ago.

"Our men have been on duty for three summers at that station but the whales handled were seldom more than 12 ft. in length. The new commercial stations will go after fin whales, 65 feet in length and averaging one ton per foot," said Dr. Hetherington.

In a persuasive recruiting circular to the Meat Inspection staff, the director writes: "This is an excellent opportunity to become acquainted with the whale, which is the largest animal on land or in the sea. I would suggest that inspectors taking on this work make time to read the book Moby Dick and also the story of Jonah and the Whale."

Inspectors who are not deterred by the experiences of the leading characters in these stories and apply for posting to whaling stations, will be given a concentrated course in Ottawa on "inspection, completion of reports, and the like." Those looking for high adventure will certainly be near the "flesh pots", but they will not be required to go on the actual hunt.

The Minister of Fisheries licenses the whale catchers and a fisheries officer is aboard the vessel to ensure that only that particular whale covered by the license is taken. CDA meat inspectors and veterinarians are there to see that the whales brought ashore for processing are converted into edible and animal food, and edible and industrial oil under proper conditions, and that only wholesome meat is so processed.

Life at the whaling stations is not all work, although the plants will be open 24 hours a day, seven days a week during the season,--June to October. CDA meat inspectors will work their customary eight-hour shift.

At Williamsport on the east coast of Newfoundland, a population of 30 lives near the plant. The whales are actually cut up on a factory ship which has a captain but no engine. CDA staff will be housed in a trailer but "will eat at the Captain's table." Not only will the men get the best cuts of whale at this vantage point, they are reminded that "this rather isolated station provides an excellent opportunity for anyone who enjoys hunting, fishing and nature study."

Two other stations, South Dildo, Newfoundland, and Blandford, Nova Scotia, are situated six or seven miles from their respective residential sections. However a government car will be available for those who do not want to walk to work.

A fourth plant is at Comeauville, Nova Scotia, an excellent holiday resort where French is spoken.

In addition to these plants, H. of A. is required to staff Whale Cove during August and September, and possibly a Churchill station on the west coast of the Bay.

Dr. Hetherington says the edible oil obtained will be used principally by Canadian manufacturers. The meat going into pet or animal food will be sold mostly into export "as is" and that used in Canada will be "decharacterized" so that it cannot be mistaken for high quality beef (which it resembles), and be converted accidentally into sausage.

The recruiting circular concludes with a final incentive to CDA fishing enthusiasts:

The whale is a very interesting animal and is a true mammal that gives birth to its young alive, and feeds them on warm milk which is practically indistinguishable from cow milk. A large whale can yield up to ten tons of edible meat, 20 tons of edible oil, four tons of cracklings, and possibly 100 pounds of liver meat which is very rich in Vitamin A.
